

Please do not let the Bell "Wolves" gain exclusive power in the chicken coop you already allow them to dominate. Competition requires living competitors. If the FCC lifts the dominant classification from the Local Exchange Carriers (Bells), it will limit competition to a duopoly consisting of a bell and a cable company. Competition in the American Telecom marketplace will not be activated, it will be decimated. ISPs and CLECs will die, consumers will be deprived of choice and the FCC will be wholly to blame for the resulting disaster. DO NOT DO IT. Chairman Powell: Please do not sell out to BIG BUSINESS by creating a new MONOPOLY POWER, at the expense of competition and the small businesses of our country.
